

# CO-PACKING

## Maco Bag Can Handle It

...when you would like to extend your product line, not your production facility.

.....  
 ...when a lack of steady work flow makes it cost-prohibitive to handle assembly and packing work yourself.

.....  
 ...when you have a new concept and you need package development assistance.

> **THE MACO BAG CORPORATION** The packaging specialists at Maco Bag provide support to manufacturing representatives and businesses of all sizes. You get fast, friendly, courteous support and economical approaches to flexible packaging and co-packing solutions.
